

# CLAPHAM BOWS TO PROWESS OF PHOENIX WRESTLING CHAMPION

Real tears rolled down Sam Clapham's cheeks and the muscles of his body writhed in agony, but the husky Britisher refused to quit last night, even after Referee Earlhardt asked him if he was down. Sam looked up at the referee and said: "He's breaking my leg, but he wouldn't say down until both shoulders were pinned to the mat."

For a display of gameness Sam Clapham's equal would be hard to find in any land. For one hour and twenty-six minutes he grappled with Pete Sauer, twisting out of toe holds, after toe holds, and clamping his legs and arms around Pete's neck in a vise-like grip, but the local pride proved his master and won the first fall in 1:23:20. The club physician advised Sam to call off the match after he had examined the Britisher's limb and pronounced the ankle and knee both sprained.

Sauer clamped a toe hold on Clapham that gradually weakened Sam and forced him to bow in submission to the local Phoenix champion.

Somewhere in the wrestling world Pete may have a superior, but Phoenix fans have yet to see their favorite beaten and with a decisive victory over the British Lion they are willing to back him against the world. Pete is without doubt one of the fastest wrestlers in the game. For a man so young in years he has a knowledge of the game that outwits the old hands. He is elusive and slippery and he does not know his own strength. That he is a coming champion must be admitted. Even the clever Sam Clapham in a brief talk to the crowd after the match paid his respects to the Phoenix champion by admitting he had underestimated Sauer's ability.

Clapham grappled at every angle and secured holds that were thought unbreakable, but Sauer proved his ability as a wrestler by working loose and fastening his own grip on his opponent. Three times Sam had a firm grip on Sauer's neck and Pete worked off the mat, forcing Clapham to spar for a new hold. The referee went about 60 on his mat rules and appeared to favor Sauer on the rebound, but the odds failed to make any difference on the final result.

Sauer was returned the victor and

Price to Florence at 3:45 o'clock yesterday afternoon. The four taken were T. O. Long, Raymond Serrano, William Reed and Albert Suncella.

Long was sentenced to serve from four to five years in the state prison. Serrano was sentenced to serve from two to five years, and Reed and Suncella were each given a sentence of two to four years. Estaban Ybarro will be sentenced on Monday, August 23, and Carl Jacobs will be sentenced tomorrow afternoon at 1:30 o'clock. The seventh man, Jesus Gonzales, pleaded not guilty to the charge and will be tried later.

In the attempt to break jail, which took place about 10 o'clock on the night of August 3, John Isaacs, night jailer, was severely beaten by the men in the upper tier of cells where the attempt took place. An alarm given by a trusty frustrated the attempt.

# ABOUT THE STATE

**Lion Is Killed**  
MIAMI—Word was received in Miami yesterday evening from the office at Sulphide Del Rey that the lion which has caused so much excitement about the camp has ceased to exist. At about 2 o'clock yesterday morning Berl Davis killed the big cat with a shot gun. The mountain lion measured about ten feet in length and was all of four feet in height.

The prowling of the animal near the camps had frightened many of the weaker sex into town, and no doubt when they learn of the cat's hurried dispatch there will be an exodus of feminine campers to Sulphide Del Rey.

**Yuma Makes Record**  
YUMA—According to the reports published in last issue of the Reclamation Record, the value of crops per acre grown on the lands under the Yuma project are far and away above the value of products grown per acre on the lands of the 23 reclamation projects of the country. The gross value of products grown on the lands of the projects reported are as follows:

Uncompahgre, \$56.76; Rio Grande, \$31.10; Belle Fourche, \$24.85; Yuma, \$134.01.

The value of the crops grown on the Yuma project lands is nearly three times as great as that grown on the other projects reported. The total value of project crops grown on the 52,324 acres under cultivation under the Yuma project is given as \$7,012,209.—Morning Sun.

**Institute Smoke Suits**  
PRESCOTT—Duplicate smoke suits were filed against the United Verde Extension Mining companies yesterday by two sets of plaintiffs, with aggregate damages alleged to be \$10,000. W. C. Boren, one of the plaintiffs, claims that his crops in both garden and field and his orchard products were injured by the alleged poisonous gases generated at the Clarkdale and Clemenceau smelters, and carried by the wind all around the Verde valley. Damages asked in each suit are \$2,000. The other plaintiff is Islay Rogers. By vocation Mr. Dingman is physical director at the Y. M. C. A. He proved his avocation to be that of violin virtuoso.

Clarence Craig brought words of greeting and encouragement of the new building enterprise, a water color of which was on exhibition. F. F. Dworak, a student from the university at Dubuque, Iowa, made the address in Spanish for the Mexicans present. Mr. Dworak's paternal ancestors went to Mexico from Poland whose current history is now appearing in the Associated Press dispatches.

There was a unanimous verdict that a "Midsummer Night's Dream" affair had been most acceptably presented and that its annual repetition would be heartily supported.

**Cotton Prospect Poor**  
MESA—Cotton conditions in the Mesa, Chandler and Gilbert districts are fully 50 per cent better than in the Buckeye district, according to E. E. Quick and J. W. Smith, of this city, who spent last Sunday visiting the farmers and the farms near Buckeye. Incidentally, they paid a visit at the site of the new Gillespie dam project, west of Buckeye. The cotton stand in that district, declared the visitors, is very poor. In no field which they visited did they discover plants which could compare with the Mesa district crops. In other crops the farmers of that district seemed to be having ex-

ceedingly good results, especially with alfalfa, and the country is as prosperous as the remainder of the valley.—Tribune.

**Gets Death Penalty**  
CLIFTON—A culmination of circumstances again bore out the contention that Friday the 13th is an ill omened day. On Friday of this week, August 13, Judge F. E. Laine of the superior court sentenced Pedro Dominguez to be hung by the neck until he is dead. During the first part of the month of July Pedro Dominguez and Antonio Menchera were employed as murderers at the Clay mine at Morenci. On the morning in question Dominguez arrived at the mine first and seated himself to await the arrival of his victim. Beneath his coat was concealed the deadly weapon. As Menchera approached Dominguez walked up to him, and without warning, shot him through the neck, death being almost instantaneous. The assailant was taken into custody a few seconds later by a man named Lindsley, shift boss at the mine, who turned him over to the officers a few minutes later.—Copper Era.

**Editor Is Arrested**  
TUCSON—Charges of violating the Volstead act by publishing liquor advertisements were made yesterday by the department of justice against Albert Fedor, editor and publisher of the Arizona Labor Review, said to be a radical publication. He is specifically charged with carrying the advertisement of a cafe in Sonora which stated the cafe was selling beer and wines. Fedor has been publishing his newspaper in Tucson for several months. He was released in custody of L. H. Hummel, his attorney, and his hearing will be set later.—Star.

**Arrested For Fighting**  
TUCSON—As a result of a fight started last night at the Hotel Rest, Isaac Ruderman and Max Goldberg fled complaints of assault against Richard Roe Fitzgibbons and John Doe Kyrie, respectively, with County Attorney Kirk Moore today. According to the plaintiff's stories, they were asleep last night and were awakened by Kyle and Fitzgibbons entering their quarters and assaulting them while the plaintiffs were in bed. The plaintiffs declared, according to County Attorney Moore, that they had been persecuted by other inmates of the Rest hotel ever since they have been in the place. All of the men are tubercular soldiers who are accommodated in the Hotel Rest owing to the overcrowded condition of Postville.—Citizen.

**No Strike This Year**  
MESA—Every black cloud has its silver lining, and in this instance the men who have raised the black clouds have furnished in addition the silver lining. No strike will be called this year to enforce the demands of the new Federal Union, state the leaders. The organization is too young to be able to foster a strike, they believe, and this is the only reason such a

strike will not be called. However, Mexican laborers who had been organized an even shorter time than those of the valley became excellent strikers several years ago in the Clifton-Morenci disturbances, and since have several times proved adept at strike methods and principles. The leaders do not promise to use their influence to keep the Mexicans from quitting their jobs, should the demands which they will present be denied, but declare only that they will not call strikes to enforce the demands.—Daily Tribune.

**Identify Alleged Forgers**  
NOGALES—Both C. K. Garfield and C. H. Green, arrested as members of a gang of bogus check workers, have prison records, according to Sheriff J. T. Miles from the federal identification bureau at Fort Leavenworth, Kan. The fingerprints of the two men were taken by Deputy Sheriff Louis Ekelie and sent to Leavenworth. A telegram from Special Agent Renoe says "Garfield is Clyde Garrett with police record 246 at Oklahoma City. As Clarence E. Jackson he served two terms in the state reformatory, Hutchinson, Kansas, number 2863, and has police record number 4399 at Muskogee, Mich. Haley, Company F, Nineteenth Infantry, has been court-martialed, confined at hard labor for two years, with all pay and allowances forfeited, at the expiration of such time he may receive a dishonorable discharge from the army for an alleged assault upon Edward Fox, a civilian jitney driver here last March, according to information made public at Camp Harry J. Jones today.

It is also declared in the specifications of the court-martial that Haley deserted the army the same day, and was apprehended in St. Louis in April.

When Haley was arraigned here he pleaded not guilty to both charges. Pending removal to Fort Leavenworth Haley is being held at Fort Bliss in confinement.—International.

# Trusty Finds Guns Cashed In Prison Quarry

CANON CITY, Colo., Aug. 20.—What is believed to have been an attempt at a wholesale delivery of convicts from the state penitentiary here was frustrated Wednesday when a trusty at the penitentiary found a number of guns and ammunition secreted under some loose stones in the penitentiary quarry just behind the wall.

The trusty, who was in the quarry alone at the time, saw a piece of black oil cloth protruding from beneath the stone and investigated. He found a Winchester rifle and two revolvers and about three hundred rounds of ammunition. In examining the guns he accidentally fired one shot, which brought prison guards to the spot on the run. The weapons and ammunition were confiscated and an investigation is being made as to the source of the plot and the number of persons implicated in it.

Gutshuetz, Nikischach, Laurahutte, and all the towns east of Kattowitz are in their possession.

A serious clash occurred during last night in Laurahutte between security police and civilians and the Poles. The security police suffered a loss of 12 men killed and many injured. The Poles were heavily outnumbered and were forced to withdraw.

Among the Polish prisoners taken were some of General Haller's soldiers. It is believed the Poles intend to shut down the mines.

**Playing Up To Germany**  
LONDON, Aug. 20.—The need of a Russo-German agreement "to save Europe from an economic catastrophe and chaos" is emphasized in a wireless message from Moscow published in the London Times today.

Following the announcement that Leon Trotsky, bolshevik minister of war, has visited East Prussia and conferred with German staff officers, the Times says this wireless dispatch is significant. The message says there is hope that Germany will soon conclude a political and economic convention with Russia.

# COX DISAPPOINTED ABOUT FAIR PLANS

(Republican A. P. Leased Wire)

COLUMBUS, O., Aug. 20.—Regret over his opponent's announcement that he probably will not make an address at the Ohio state fair, August 31, was expressed today by Governor Cox.

"I am very sorry Senator Harding is not going to speak," the governor said, "as I already have spent more than an hour preparing my speech which I hoped to deliver from the same platform. I had expected to request that I be permitted to speak first, granting the courtesy to the senator of being permitted to answer me."

Governor Cox spent today at the executive office in the capital looking after state affairs. In the evening, he pardoned three convicts from the penitentiary, interviewing each personally before granting clemency. Two convicts who also had petitioned for pardons were sent back.

"You two boys have not told me the truth. You will have to go back for a while," the governor told them. He had asked each man to tell the story of the commission of the crime for which he was convicted and facts leading up to the crime.

The Democratic candidate will make two addresses tomorrow, en route to Canton, where he will speak in the evening. He will make an address at Orville, where he will leave the train by automobile to Canton.

# AL RUFF IN RACE FOR SHERIFF NOMINATION

The list of candidates for nominations for county offices following the expiration of the day for filing petitions did not contain the name of Al Ruff, one of the candidates for the Democratic nomination for sheriff. Mr. Ruff was one of the first to file his nomination papers.

It is said that some of the other candidates for the nomination have made use of this inadvertent omission of his name as the basis of a report that he had withdrawn from the race. He has been a resident of the valley practically all his life and is one of its best-known citizens. He authorizes the statement that he still is a candidate for the nomination and declines to be counted out before the polls close on the night of September 7.

# PROSECUTE AL WHO LET STOCK ON ROADS

Because of the large number of complaints about stock running at large in the public highways, Ranger Al De Witt announces that he is going to prosecute all in accordance with the law who permit their stock to graze on the roads. At night the stock are particularly dangerous to motorists who are driving along the highways when jumping in front of the machines when frightened by the lights and horns.

According to Deputy De Witt, a large number of the animals reported to the sheriff's office as stolen are in reality strays wandering about the highways. A large number of these, he says, have been turned out to graze by the owners and have wandered away to be reported later as stolen.

The state law makes the roaming at large of stock on the public highways a misdemeanor and punishable by court sentence.
